Notes

1. A small surplus was achieved in 2024.
2. Total entry numbers were slightly lower than in 2023 …with about 2% less on Saturday and about 6% less on Sunday, and still below the peak for entry numbers in 2017.
3. Again, no car parking fees were collected this year and there was no income from sponsorship. Pitch fees collected for trade stalls was similar to last year, and subscriber income continues to decline. 2024 overall income decreased by about 4% on 2023 (note: the entry fee rates remained the same as 2022 and 2023).
4. Hire costs for site and equipment increased by more than 8% (and by more than average inflation). Additional cost was incurred for the purchase of new boat numbers. Overall expenditure increased by about 10% (where last year it had increased by 6%).
